INCOMING CALL RULE

For Newcomers, Seniors & Families — Keep This on Your Fridge

EVERY UNKNOWN INCOMING CALL = HANG UP + CALL BACK

REMEMBER:

1. "This call may be monitored for quality..." DOES NOT mean it is real. Scammers copy it.
2. If they say "Press 1" about a cheque — HANG UP IMMEDIATELY. Do not press anything.
3. If they ask for full address/DOB for a returned parcel — HANG UP. Check tracking on official site.
4. If they ask for card number, CVV, or text code to "verify identity" — HANG UP.
5. If they ask for gift cards, crypto, e-Transfer — IT IS A SCAM. HANG UP.

WHAT TO DO:

STEP 1: HANG UP — Don't argue, don't press buttons.

STEP 2: BREATHE — Real government/bank never rushes you.

STEP 3: CALL BACK YOURSELF — Use number on BACK OF CARD or official website you type.

STEP 4: TELL FAMILY — 'I got a suspicious call, can you check with me?'
